your life

SKE011

FEATURES AND HIGHLIGHTS

Design: Simple overall design, ergonomically designed to prevent deformation from prolonged sitting.

Seat and backrest: Seat and backrest are made of PU material, one-piece foam molding. Seat board width of 520mm with a tolerance of $\pm 3\text{mm}$, molded PU color. Durable and sturdy with good oil resistance, aging resistance, mold resistance, abrasion resistance, and eco-friendly non-toxic properties.

Technical parameters

Overall dimensions (3-seater with armrest)	1770L×605W×845H $\pm 5\text{mm}$
Center distance	605mm $\pm 10\text{mm}$
Seat width	520mm $\pm 10\text{mm}$
Seat depth	450mm $\pm 10\text{mm}$
Seat height from the ground	440mm $\pm 10\text{mm}$
Seat top depth	605mm $\pm 10\text{mm}$
Seat top height from ground	845mm $\pm 10\text{mm}$
Armrest top height from the ground	600 $\pm 10\text{mm}$
Weight	52.5KG/roll

Seat support frame

Built-in iron frame and iron plate, formed by mold cold pressing and welding. Use 1.2mm high-quality cold-rolled steel plate for the iron plate, special high-speed CNC punch press with dedicated punching die for punching. After cold pressing, the iron plate is welded with the iron frame to form a whole. Load capacity up to 250kg.

Armrest leg

Made of high-quality aluminum alloy die-casting, surface treated with electrostatic powder coating. Armrest length of 385mm, armrest height from the ground of 600mm, chair leg length of 620mm. The armrest is in the shape of an inverted triangle with strong lines. The chair legs are designed in the shape of a golf club. The special non-slip foot pads are used to grip the floor and make no noise when in contact with the floor. The foot pads are not exposed, which is convenient and hygienic, with a strong sense of fashion and stability.

Crossbar

Load-bearing beam made of 60mm diameter, 2.0mm thickness hexagonal steel tube, processed with drilling and rust removal, and surface treated with electrostatic powder coating. Good load-bearing capacity, elegant appearance, smooth and flat surface, easy to clean.

Adjustable foot pads

Built-in PP foot pads, aesthetically pleasing.

Fasteners

Seat back and load-bearing beam connected with M8*25 flat head hexagon screws for assembly. Seat back and load-bearing beam connected with M10*80 round head hexagon screws, solid and durable.

PU

Regular color of PU color card is optional.
