Design

Structure ergonomic design, widened seat design, more suitable for obese people, bring comfortable feeling.

Seat cushion

The fabric is covered with Oxford nylon cloth, with a canvas interlayer of more than 300d in the middle. The seam edge is firm and neat, without wrinkles, jumpers, damage and other defects. Double sitting cushion, anti-bacterial.

Wheelchair frame

Welded steel pipe forming. Detachable armrest, detachable foot support, foldable structure, good safety performance, frame surface spray treatment, beautiful and durable. Load-bearing capacity up to 125kg.

Armrest

Use movable upturning handrail, easy to get up and down wheelchair.

Front wheel

Front wheels 200 mm (8 in) diameter plastic hubs with high quality solid tires.

Foot support

Removable foot support, foot pedal height adjustable.

Real wheel

Rear wheel diameter 620 mm (24 inches) plastic inflatable wheel
Rear wheel with hand wheel (used when hand drives hand wheel directly).

Folding Designs

Easy folding saves space.
Wheelchairs are lightweight and small when folded, easily fit into the trunk for easy carrying and storage.

Brake system

With steel brake, safe and reliable;
Good braking performance, more stable parking.

Storage Bag

Considerate design of storage bag, can place personal belongings.
