SKR-R03

FEATURES AND HIGHLIGHTS

Technical parameters

▪ Overall dimensions	530× 520×725-1045±10mm
▪ Worktop	450 × 445 ±10mm
▪ Secondary table dimensions	190×190 ±10mm
▪ Keyboard base dimensions	440×250 ±10mm
▪ Overall weight	26KG ±1KG
▪ Worktop material	Aerospace-grade aluminum alloy
▪ Base material	One-piece full cast aluminum
▪ Column material	Aerospace-grade aluminum alloy
▪ Handle material	One-piece full cast aluminum
▪ Lifting method	Foot-operated pneumatic lifting
▪ Lifting range	Worktop lifting range 320mm ±10mm
▪ Lifting dimension	Worktop lifting range 320 ±10mm
▪ Caster design	4-inch medical-grade silent casters

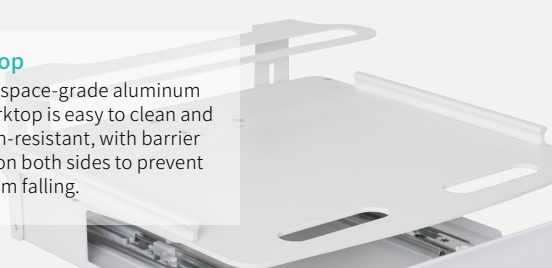

Material

The worktop and columns are made of aerospace-grade aluminum alloy, while the base and handles are made of one-piece full cast aluminum. The entire product adopts a high-voltage electrostatic spraying process, ensuring that it meets medical and health requirements, with a matte surface that is non-glare.

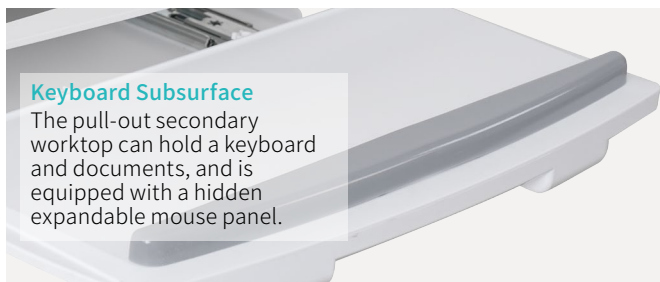

Table Top

The aerospace-grade aluminum alloy worktop is easy to clean and corrosion-resistant, with barrier designs on both sides to prevent items from falling.

Keyboard Subsurface

The pull-out secondary worktop can hold a keyboard and documents, and is equipped with a hidden expandable mouse panel.

Lower Column

An adjustable gas spring is built into the column, allowing height adjustment via a foot pedal to accommodate different sitting and standing postures. Height adjustment range: 725mm-1045mm ±10mm

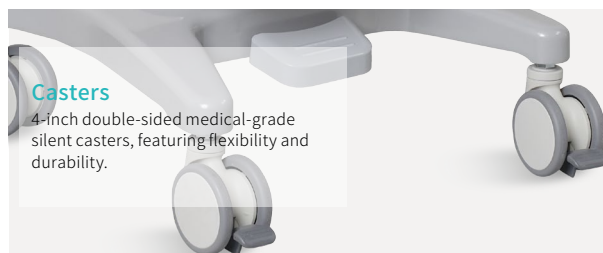

Chassis

The one-piece cast aluminum chassis ensures the center of gravity and levelness of the entire unit.

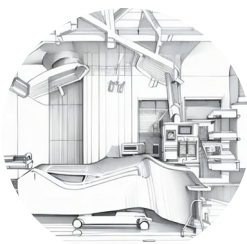

**Casters**

4-inch double-sided medical-grade silent casters, featuring flexibility and durability.
