SKR-R07

FEATURES AND HIGHLIGHTS

Technical parameters

- Mainly used for placing computers, suitable for various clinical work environments such as outpatient clinics, emergency rooms, inpatient wards, operating rooms, and ICUs;
- Cart dimensions: Length 530 * Width 620 * Height 855-1100 ± 10mm; With monitor stand: mounting holes 75mm * 75mm, 100mm * 100mm; constant force lifting;
- Tabletop: ABS material, tabletop dimensions: Length 480 * Width 460 ± 10mm; The cart is equipped with a pushing handle, handle material: one-piece fully cast aluminum with surface spraying;
- 1 keyboard drawer, placed under the tabletop, made of ABS, internal dimensions of the keyboard drawer: Length 440 * Width 170 ± 10mm;
- The keyboard drawer has a built-in bidirectionally pullable mouse tray;
- Right side of the cart: 1 mouse placement rack;
- Back of the cart: 1 storage box, storage box dimensions: Length 335 * Width 210 * Height 150 ± 10mm;
- Lifting method: foot-operated pneumatic lifting;
- Column: aluminum alloy material;
- Base: one-piece fully cast aluminum with surface spraying;
- Castors: 4 pieces of 4-inch double-sided silent wheels, 2 of which are with brakes;

Material

▪ Tabletop	Made of ABS material
▪ Cart Handle	One-piece fully cast aluminum with surface coating
▪ Columns	Made of aluminum alloy material
▪ Base	One-piece fully cast aluminum with surface coating

Technical configuration

☒ 4" Double-Sided Mute Castors	4 pcs
--	-------

Monitor Stand

Detachable Monitor Stand:
Mounting holes (75mm*75mm,
100mm*100mm); constant-force
lifting.

Table Top

ABS medical-grade plastic
tabletop, which is easy to clean
and corrosion-resistant. It has
no surface spraying, so it will not
affect medicines. Grooves are
arranged around the tabletop to
prevent leakage of medical liquids,
and it is also equipped with a
tabletop barrier to prevent items
from falling.

Handle

Circular bumper handles: These are
sturdy metal handles with rounded
corners on all sides, located at
the outermost perimeter of the
entire cart. They not only prevent
injury to other personnel in case of
collisions but also protect the cart
from damage.

Column

Material: Aluminum alloy. The
column is equipped with a
professionally calibrated gas spring,
enabling effortless lifting and
lowering. It can be quickly adjusted
to the appropriate height to
accommodate different sitting and
standing postures.

Base

One-piece fully cast aluminum with
surface spraying ensures the center
of gravity and levelness of the
entire cart.

Castors

4 pieces of 4-inch double-sided
mute casters, 2 of which are with
brakes.
