Application

Overbed Table: Can be used with various types of hospital beds, making it an excellent choice for ward furniture.

Countertop

Rounded corner design for anti-collision and durability; HPL tabletop, featuring easy cleaning, corrosion resistance and long service life; The tabletop is equipped with an aluminum alloy railing to prevent items placed on it from falling off easily.

Lift adjustment

It adopts a gas spring for vertical height adjustment, equipped with an adjustment handle. It is easy and labor-saving to use, and can be operated with one hand.

Tilt adjustment

A combination device of gears and limit stops is adopted to enable flip adjustment of the dining tabletop. It is equipped with an adjustment handle, making operation easy and labor-saving, and it can be operated with one hand.

Bottom frame

The base frame is made of carbon steel with spray coating, featuring a U-shaped structure that ensures the center of gravity is stable and centered, preventing easy wobbling.

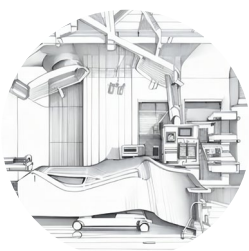

Castors

2-inch double-sided silent casters, which move flexibly; 2 of them are equipped with brakes for easy braking.
