

Semi-auto Chemistry Analyzer BIOBASE-Silver Plus

Features:

- ①. Easy operation by one button, can be connected to the computer.
- ②. End point, two point (fixed time), kinetic, multistandard, bichromatic, etc.
- ③. With 20 incubating positions.
- ④. Large memory to store 200 test programs and 1000 testing results.
- ⑤. Excellent QC function, QC chart can be stored, displayed and printed.
- ⑥. 3 level temperature: 25°C, 30°C, 37°C can be selected in flow cell and incubating.
- ⑦. Real time graph can be displayed and printed.
